

ABRAHAM HERNÁNDEZ ALVARADO

+52 5534045251

ABRAHAM.HDEZ.AHA@GMAIL.COM

MEXICO CITY, MEXICO

EDUCATION

AUGUST 2019-DECEMBER 2023

SYSTEMS ENGINEERING
INSTITUTO POLITECNICO NACIONAL

EXPERIENCE

JULY 2023-CURRENTLY

Amazon Mexico

Business analyst intern

- Requirement's analysis
- Meeting with the PM and customer to understand the business logic behind a project
- Documentation - Iterative design and development
- Data pipeline development (datanet queries and loading into tables)

FEBRUARY 2023-JUNE 2023

Mexican stock exchange

Intern

I used Java on Maven and also Gradle to build a Fatjar, also I made some documentation for three principal systems. I analysed the flow of those applications and made some diagrams either explain and show those flows. I used gitlab and make some versions of the code.

JUNE 2022-JANUARY 2023

Maxal consultores

I used C# and SQL sever to develop an API to communicate the front-end and back-end in order to insert the necessary data. To make the front-end I used Genexus with C# generator.
